Margins365 — Cookie notice

Version 20.1 · Effective date: 11 November 2026 · Approved (v20.1 adds optional, consent-based analytics; it is published in the release that turns analytics on)

Margins365 uses essential cookies and browser storage that are needed to sign you in, protect the site and make it work. These don't need consent under UK PECR and the EU ePrivacy rules. We also use privacy-friendly analytics (Plausible Analytics) on our public pages, only if you click "Accept analytics". Plausible sets no cookies and stores nothing on your device; it doesn't store your IP address or follow you to other sites. If you reject, or close the banner, or your browser sends a Global Privacy Control signal, the analytics script is never loaded. We don't use advertising or cross-site tracking cookies.

Essential (always on)

Name	Type	Provider	Purpose	How long
__cf_bm	Cookie (secure, HttpOnly)	Cloudflare, Inc.	Essential security cookie. Distinguishes people from bots and helps protect the site.	30 minutes
marginos_session	Cookie (secure, HttpOnly)	Margins365	Keeps you signed in	30 days or until you sign out
m365_consent	Browser local storage	Margins365	Remembers your analytics choice (accepted or rejected, the notice version and the date) so we don't ask on every page	12 months, or until this notice changes
App preferences and cache	Browser local storage	Margins365	Remembers screen preferences and speeds up the app	Cleared when you sign out or your account closes

Optional (only with your consent)

Service	Provider	What it does	Stored on your device	Where data goes
Website	Plausible	Counts page views and a few actions (for	Nothing (no	EU only

Service	Provider	What it does	Stored on your

analytics			
Analytics (Plausible Insights OÜ, Estonia)	example "calculator used" or "start trial clicked") on public pages, so we can see which pages help people. Never used in the signed-in app. Never receives what you type into calculators or forms.	cookies, no local storage)	(servers in Germany and Finland)

Change your mind at any time: use Cookie settings in the footer. Withdrawing is as easy as accepting and takes effect straight away.

Other sites. When you pay, Stripe Checkout (Link) runs on Stripe's own pages. When you choose “Continue with Google”, Google's sign-in page runs on Google's site. Those companies set their own cookies under their own policies.

If we add any other non-essential cookie or tracker, we will ask for your consent first and update this notice.
